To Whom it May Concern;

My name is Bill Flack and I am writing to express my concern about the placement of the B&H power line. One of the proposed options will cross our property east of Durkee, OR. The Idaho Power Co. map of, 2010 Appendix A map 34 of 69, shows the proposed power line corridor. I wish to express my strong desire that the actual placement of the power line can be approximately 200 yard south of the south boundary line of the designated corridor at parcel 01800 T115 R34 E + parcel 03500 T115 R34 E.

I hope this description is adequate it is the best that I have. If the "line" must cross our property I believe this would be the least intrusive place for it to be.

Cordially

Bill M Flack
