Subject: Boardman to Hemmingway Draft EIS comments

As a longtime member of the Oregon-California Trails Association and 12 other historical groups concerned about preserving our threatened heritage I am writing to express my comments about the subject project.

Very simply we cannot afford to lose anymore of the remaining pioneer trail segments or sites. Once they are gone, they're gone and our grandchildren's grandchildren will not have a clue what thousands of our brave pioneer ancestors overcame to improve their life. Their sacrifices are blazed in each inch of the remaining trail; their blood, sweat and many tears and, yes, even death testify to what we so freely enjoy today.

I agree with others who have commented or will comment in explicit detail. However, I simply tell you, "no more losses; no more excuses!"

With all due respect I thank you for the opportunity to comment,
