Subject: Boardman – Hemingway 500 kV Project
Sand Hollow Station

Dear Adam:

In conjunction with the Community Advisory Process (CAP) being implemented to assist in routing the Boardman – Hemingway 500 kV project, the decision has been made to remove the Sand Hollow Station from the project and the CAP. We anticipate this decision will help forward the routing process for this project and are looking forward to a successful outcome of the CAP. If you have any questions regarding this decision, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas J. Dockter". The signature is fluid and cursive, with a long horizontal stroke at the end.

Douglas J. Dockter
500 kV Engineering Project Leader
